

Miyoung Yun

mmloveu@cau.ac.kr | Ph.D. Student, Chung-ang University

RESEARCH INTERSET

Urban microclimate · 3D urban morphology · Land surface temperature · Urban heat island ·
Carbon-neutral cities · Climate-resilient urban planning · Geospatial data science

EDUCATION

Ph.D. in Urban Planning and Real Estate

Sep. 2022- present

Chung-Ang University, Seoul, Republic of Korea

Dissertation: <Title>

Advisor: Prof. Yujin Park

M.S. in Urban Planning and Real Estate

Aug. 2022

Chung-Ang University, Seoul, Republic of Korea

Thesis: *Station-Level Effects of the Covid-19 Pandemic on Subway Ridership in Seoul*

Advisor: Prof. Myung-Jin Jun

B.S. in Urban Planning and Real Estate

Feb. 2016

Minor in Economics

Chung-Ang University, Seoul, Republic of Korea

PEER-REVIEWED PUBLICATIONS

Yun, M., & Park, Y. (2025). Understanding the spatial distribution and nonlinear drivers of the diurnal surface temperature range: Insights from ECOSTRESS and explainable machine learning. *Applied Geography*, 181, 103672.

Jun, M. J., Park, Y., Lee, J., Kang, S., Barquilla, C. A., **Yun, M.**, ... & Gu, Y. (2024). Linkages between urban growth and land surface temperature variations in the Seoul metropolitan area: A spatial first-order difference approach. *Sustainable Cities and Society*, 108, 105441

Jun, M. J., & **Yun, M. Y.** (2023). Station-level effects of the COVID-19 pandemic on subway ridership in the Seoul metropolitan area. *Transportation research record*, 2677(4), 802-812.

(Working papers)

Disentangling Urbanization and Background Warming in Long-Term Surface Temperature Change: Evidence from a Decomposition Analysis of New Town *Development (Under review)*

How Do Changes in 3D Urban Morphology Affect Building Carbon Emissions? The Moderating Role of Land Surface Temperature *(Under review)*

PEER-REVIEWED PUBLICATIONS (KCI : Korea Citation Index)

Yun, M., & Park, Y. (2025). Exploring the Diurnal Land Surface Temperature Variability and its Nonlinear Relationship with Urban Built Environmental Characteristics: An Approach with ECOSTRESS and Generalized Additive Model. *Journal of Korea Planning Association*, 60(1), 172-188.

Yun, M., & Jun, M. J. (2024). The impact of Housing Price Changes on Swing Voters in the 20th Presidential Election: Focused on National Voting Results by Administrative Districts. *Journal of Korea Planning Association*, 59(2), 121-132.

Lee, J, **Yun, M., & Jun, M. J.** (2023). Valuing Commute Time for Seoul Residents with Discrete Choice and Life Satisfaction Models. *The Journal of the Korea Contents Association*, 23(12), 800-814.

Jun, M. J., & **Yun, M.** (2022). The Effects of Seoul Metropolitan Area's Greenbelt on Urban Spatial Transformation. *Journal of The Korean Regional Development Association*, 34(1), 49-70.

CONFERENCE PRESENTATIONS

Urban Affair Association Conference, Chicago, Illinois, USA, 2026

“Urban new town development contributes little to the regional surface warming: Evidence from a decomposition analysis”

Fall Congress of Korea Regional Science Association, Daejeon, Republic of Korea, 2025

“Analyzing the Contribution of New Town Development to Regional Surface Warming: A Decomposition Approach to Urbanization and Climate Change Effects”

Spring Congress of Korea Regional Science Association, Seoul, Republic of Korea, 2025

“Detection of Urban Rewilding Patterns in Depopulated Areas: A Spatial Analysis Using Landsat Time Series NDVI”

Association of Collegiate Schools of Planning Annual Conference, Seattle, Washington, USA, 2024.

“Urban diurnal heat variability and its nonlinear relation with urban form: An approach with ECOSTRESS and Generalized Additive Model.”

Spring Congress of Korea Planning Association, Seoul, Republic of Korea, 2024.

“Exploring the Diurnal Land Surface Temperature Variability and its Nonlinear Relationship with Urban Environmental Characteristics: An approach with ECOSTRESS and Generalized Additive Model”

Fall Congress of Korea Regional Science Association, Seoul, Republic of Korea, 2023.

“The impact of Housing Price Changes on Swing Voters in the 20th Presidential Election”

HONORS & AWARDS

Prize for the Best Paper Presentation Congress of Korea Regional Science Association, Daejeon, Republic of Korea	2025
Graduate School Alumni Association Scholarship Chung-Ang University, Seoul, Republic of Korea	2025
Outstanding Paper Award, Graduate School Academic Conference Chung-Ang University, Seoul, Republic of Korea	2024

GRANTS & FELLOWSHIPS

National Research Foundation of Korea “Urban Temperature Variability Research for Climate Crisis Response”, Funded by Ministry of Education (approx. \$000). Principal Investigator	2024-2026
National Research Foundation of Korea “Individual Activity-Based Analysis of Urban Climate Hazard Exposure and Mitigation Strategies: An Integration of Digital Twin and GPS technology for Climate Justice”, Funded by Ministry of Science and ICT (approx. \$000). Research Assistant	2023-2026
Graduate Research Scholarship Chung-Ang University, Seoul, Republic of Korea	2022-2024
